Dear Mark

Words fail me!! Mark, thank you so very much for your exceptionally generous donation of groceries, vegetables and the essentials of life!!! And of course, a huge thank you for my 'coke'!!

Our kitchen manager (cook) had been going into panic mode (well, actually so had I) because the cupboards were bare as are the bank accounts!! So Mark, thank you, so very, very much for coming to the rescue and making the cupboards look a whole lot healthier.

Please convey my very sincere appreciation and **HUGE** thank you to your Mr Spar friend who also got involved to support us – many, many thanks.

Mark, we are just down the road from you on the M1 south (just past South Gate), so if you are ever in this end of town, or have the time, please pop in to say 'hi' and have a coke or cup of coffee. I would love to show you round and introduce you to the moms and kids you are benefitting from your generosity.

We hope to see you soon, but in the meantime, your support and generosity has meant the world to us at Nkosi's Haven and we thank you.

Warmest Regards

GAIL JOHNSON
Director.
